- ARMERIA.**
Gigantea (Giant Thrift). Large rose-pink flowers 1 6
Mauritanica (Minute Thrift). A dwarf moss-like
plant, forming tufts of light green foliage, with
pale pink flowers on short stems 1 6
Splendens (Common Thrift). Deep pink .. 1 6
- ASTER ALPINUS.**
Goliath. Pretty blue flowers, yellow centre .. 1 6
- AUBRETIA.**
Deltoidea. Purple; very free flowering .. 1 6
Large Flowered Hybrids. Beautiful dwarf-grow-

ing plants; flowers various shades of pink and blue	1	6
Leichtlinii rosea. Very elegant rose pink flowers	1	6
Mrs. Lloyd Edwards. Bright crimson purple	1	6
BILBERGIA. Nutans (Parrot Flower). Red, yellow, and blue	2	0
CAMPANULA.		
Backhousei. White	1	6
Backhousei. Blue	1	6
Carpatica alba. White	1	6
Carpatica. Blue. Very useful for rock gardens	1	6
Glomerata. Various shades of violet	1	6
Garganica. Purplish flowers. Fine for rock work	1	6
Isophylla alba. Pure white. Fine for baskets	1	6
Isophylla Mayii. Light blue. Very beautiful	1	6
Persicifolia alba. White	1	6
Persicifolia alba. Double	1	6
Persicifolia Ladham's Giant. Fine large flowers; colors from blue to white	1	6
Persicifolia Telham Beauty. Very large flowers of china blue, silvery shading. New	1	6
Persicifolia. Double blue	1	6
Pusilla. Excellent variety; large heads of deep colored flowers	1	6
Pyramidalis. Blue	1	6
Pyraversi. Open bell-shaped flowers of lavender blue	1	6
Retundifolia. Scotch Bluebell	1	6
CAT-MINT. (See Nepeta.)		
CAT-THYME. (See Teucrium marum.)		
CERASTIUM (Jerusalem Star).		
Alpina	1	6
Biebersteinii. White; silvery foliage	1	6
CENTAUREA.		
Candidissima. Silvery white foliage. Splendid for edging	1	6
Gymnocarpa (Dusty Miller). Silvery leaves	1	6
CINERARIA. Maritime Diamond. Much improved variety, with pure white leaves		
CONVOLVULUS. Mauritanicus. Blue. A splendid trailing plant	1	6
CREeping MINT. (See Mentha requienii.)		
CREeping THYME. A prostrate form of sweet-scented Thyme. Bright purple flowers		
CRUCIANELLA. Stylosa. A very pretty rockery plant, with light green foliage and purple flowers	1	6
DACTYLIS. Glomerata variegati. One of the most useful and graceful of variegated grasses	1	6
DORONICUM (Leopard's Bane).		
Plantagineum excelsum. Golden yellow; 3 to 4 ft.	1	6
EPIMEDIUM (Barren Wort)		
ERIGERON.		
Coulteri. White daisy-like flower, with finely cut petals; perennial	1	6
Speciosus (Blue Shasta Daisy). Large handsome flowers, violet with yellow disc	1	6
Prostrate Species. White, flushed pink, and clear pink	1	6
ERICA.		
* Autumnalis. Deep rose, very floriferous	1	6
* Carnea. Pretty dwarf Erica, with light red flowers	1	6
* Melanthera. One of the most beautiful varieties of Erica; lavender pink flowers, produced freely, and will do well on the plains in sheltered situations	1	6
ERINUS.		
Alpinus. Bright purple; a charming dwarf-growing rock plant	1	6
*ERPETION. Reniforme (Australian Violet).		
Violet and white	1	0
ERYSIMUM. Linifolium. Bright clear mauve		
ENONYMUS.		
Radicans	2	0
Radicans variegata. Prostrate growth	2	0
DIANTHUS.		
Alpinus Hybrids (Rock Pinks). Splendid plants for rock gardens. Forming dense cushions of foliage, from which arise masses of single and semi-double sweetly perfumed flowers. Several varieties, ranging from white to rosy carmine	1	6

<i>Deltoides alba</i> . Creeping variety	1	6
Rock Hybrids. Beautiful mixture each	0	3
Sweet Wivelsfield. Various colors, very free flowering doz.	1	6
FELICIA.		
<i>Bergeriana</i> . Daisy-like flowers of an uncommon shade of blue each	0	6
<i>Petiolata</i> . Prostrate habit, producing masses of rosy purple flowers with yellow disc	1	6
FESTUCA . <i>Glauc</i> . A pretty grass with glaucous-green foliage	1	6
FICUS.		
<i>Minima</i> . Neat and pretty	2	0
FUCHSIA.		
<i>Procumbens</i> . A good plant in sheltered situations. Has pretty yellowish flowers, reflexed blue, and large magenta crimson berries ..	1	6
FRAGARIA (<i>Indian Strawberry</i>).		
<i>Indica</i> . Yellow. For rockeries or hanging baskets	1	6
FRANCOA.		
* <i>Glabrata</i> . Pure white	1	6
* <i>Ramosa</i> . White	1	6
* <i>Sonchifolia</i> . Purple	1	6
GAZANIA.		
<i>Cream</i> . Orange centre	1	6
<i>Splendens</i> . Orange, black centre	1	6
<i>Splendens variegata</i> . Foliage white and green	1	6
<i>Pure Yellow</i> . Brown and purple centre	1	6
<i>White</i> . Black centre	1	6
Very showy plants for borders and banks.		
Thrive in hot, sunny places.		
GAURA . <i>Lindheimeri</i> . Rose-white flowers on long spikes	1	6
* GENTIANA . <i>Acaulis</i> . Large blue bell-shaped flowers	2	0
GERANIUM . <i>Frazeri</i> . Very pretty original species from the Himalayas. Rosy purple flowers	1	6
GYPSOPHILA . <i>Muralis</i> . Pale pink flowers; very elegant for rock work	1	6
* HELEBORUS (<i>Christmas Rose</i>).		
<i>Berthe</i>	2	0
<i>Colchicus Picturatus</i>	5	0
<i>Mantan Blanc</i>	2	0
<i>Nigra</i>	2	0
<i>Profusion</i>	2	0
<i>Victoria Lepage</i>	2	0
These plants do well in shady positions.		
HELIANTHEMUM (<i>Sun Rose</i>).		
<i>Aurea</i> . Yellow	1	6
<i>Fireball</i> . Bright red	1	6
<i>Orange</i> . Large single flowers, good foliage; very handsome	1	6
HYPERICUM.		
<i>Repens</i> . Yellow	1	6
A very pretty creeping variety of <i>Hypericum</i> , suitable for rockeries.		
IREFINE.		
<i>Herbstii</i> . Red foliage	1	0
<i>Lindenii</i> . Dark red foliage	1	0
<i>Aurea reticulata</i> . Green, veined yellow	1	0
Indispensable foliage plants for rockeries.		
LINARIA . <i>Macedonica</i> . Silvery grey foliage, yellow flower	1	6
LITHOSPERMUM . <i>Prostratum</i> . Deep blue; very beautiful. Fine for rockeries	1	6
LOTUS . <i>Peliorhynchus</i> . A rocky plant with glaucous foliage and Sturt pea-like flowers	1	6
LYCHNIS.		
<i>Alpinus</i> . Pink; 6 in. high	1	6
<i>Chalcedonica</i> . Orange scarlet	1	6
LYSIMACHIA . <i>Nummularia</i> (<i>Creeping Jenny</i>). Evergreen; yellow flowers	1	6
MENTHA.		
<i>Requienii</i> (<i>Creeping Mint</i>). A minute creeping plant, forming a close green carpet, from which arise small mauve flowers. The plant at certain times gives off a very strong peppermint odor	1	6
<i>Metallica</i> (<i>Eau de Cologne Plant</i>). Handsome sweet-scented foliage and lavender flowers ..	1	6
MENZIESIA (<i>Irish Heath</i>).		
<i>Polifolia alba</i>	1	6
<i>Polifolia rosea</i>	1	6
Heath-like foliage and creeping habit.		

NASTURTIUM. Stettianum. Double reddish-colored flowers	1	6
NEPETA. Mussini (Cat-Mint) 5/- per doz. Produces from spring and autumn a cloud-like mass of lavender blue flowers, produced without a break on this dwarf bushy plant. For border or rockery, and an excellent cut flower. Thrives well in dry situations.	1	0
OENOTHERA. Rosea. Dwarf rockery variety ..	1	6
*OPHIOPOGON.		
Jaburan. Violet	1	6
Jaburan variegata. Violet, with beautiful variegated foliage	1	6
Japonica argentea variegata. White	1	6
These also make pretty pot plants.		
OXALIS.		
Bowiei. Rosy red; very large, long-stemmed flowers	1	6
Rosea. Clear glistening pink, with fern-like foliage	1	6
Yellow. Glaucus foliage	1	6
OMPHALODES. Verna. Dwarf-growing, pretty blue flowers	1	6
PHLOX.		
Subulata alba	1	6
Subulata rosea. A dwarf trailing plant, with a mossy type of growth, covered in spring with rose pink flowers.		
PLUMBAGO.		
Larpentae. Blue. A very pretty flowering plant, with deep blue flowers	1	6
POLYGONUM.		
Amplexicaule. Red	1	6
Repens	1	6
Pretty foliage plants for rockeries.		
POTENTILLA.		
Nepalensis. Rosy purple	2	6
Single yellow	1	6
Double yellow	1	6
PRIMULA. Japonica. Several colors	1	6
PRUNELLA.		
Vulgaris elongata. A very flat growing rockery plant, producing purple flowers throughout the summer	1	6
PYRETHRUM.		
Golden Moss. Dwarf growing, with golden foliage each	0	3
Lacincatum. Dwarf growing; finely cut golden foliage each	0	3
REHMANNIA.		
Angulata hybrida. A beautiful plant; quite hardy, with Gloxina-like flowers borne on long spikes. Various shades of pink	1	6
ROSEMARINUS (Rosemary). Prostratus. A creeping form of Rosemary	1	6
SANTOLINA. Incana. Pretty dwarf-growing plant with silvery foliage	1	6
SAXIFRAGA.		
Peltata (Cordata). Large leaves, pink flowers; very handsome	1	6
Sarmentosa (Mother of Thousands). Pretty for baskets	1	6
Sarmentosum variegatum. A very pretty trailing plant; leaves variegated with cream or white, stems flesh colored	1	6
Sieboldii medio-variegatum. A pretty trailing plant, with white and green variegated leaves and pinkish-purple flowers	2	0
Umbrosa (London Pride). Tiny flesh pink flowers in sprays on thin stiff stems. Useful for cutting. Makes a good rockery or border plant	1	6
Several unnamed mossy varieties also stocked, but these are not hardy on the plains		
SHAMROCK. True Irish variety	1	6
SILENE. Schafta. A dwarf trailing plant, bearing quantities of bright rose-pink flowers	1	6
*SPIREA. Filipendula (Meadow Sweet). White flowers and fern-like foliage. Shady situation ..	1	6
STACHYS. Lanata. Silvery woolly foliage plant	1	6
TEUCRIUM. Marum (Cat-Thyme). Purple; very pretty for rockeries	1	6
THRIFT. (See Armeria.)		

THYMUS (Thyme).			
Creeping Thyme	1	6	
Golden. Variegated	1	6	
Silver. Variegated	1	6	
TRADESCENTIA. Pretty semi-dwarf herbaceous plants, growing 18 in. to 2 ft. high. Very suitable for rock gardens—			
Deep Blue	1	6	
Pale Blue	1	6	
Pink	1	6	
White	1	6	
Zebrina pendula. Leaves purple and silver ..	1	6	
Zebrina pendula. Leaves yellow and green ..	1	6	
TUNICA. Saxafragra. Dwarf-tufted plants, with white flower carried well above foliage ..		1	6
VERONICA.			
Spicata. Purple; 1 ft.	1	6	
True Blue. Sky blue	1	6	
Colensoi. Very dwarf-growing, with silver-grey foliage	1	6	
Cupressoides. Dwarf-growing, with cypress-like foliage	1	6	
Many other dwarf varieties also grown.			
YUCCA.			
Filamentosa	from	2	6
Filamentosa variegata	from	5	0
Gloriosa	from	2	6

SUCCULENTS

SUITABLE FOR ROCK GARDENS AND DRY SITUATIONS

AGAVE.

Americana variegata. Very handsome variegated plant, with long dark green leaves, broadly margined with rich yellow .. from	1	6
Species. A beautiful variety, with smooth pale green leaves. No spines from	2	6

ALOE.

Flava. Yellow flower	1	6
Fulgens. Free flowering, small growing Aloe, with scarlet flowers	1	6
Humilis. Dwarf growing, prickly	1	6
Milleri. Light golden green, slightly prickly, medium tall; handsome red flowers	1	6
Plicatus. Non-prickly. Grows almost in form like leaves of a book	2	6
Schimperi. Small growing, prickly. Inner leaves light green, heavily spotted white, outer leaves bronze. Handsome branching spikes of orange scarlet flowers	2	0

CACTI. Many suitable varieties from	1	6
--	---	---

COTYLEDON.

Arboreus. Silvery grey foliage, edged with reddish brown	1	6
Canariensis. Bold light green leaves, distinctly edged with crimson	1	6
Gibbiflora. Extra good; pinky metallic shade over grey-green. Pink color much more pronounced in winter. Very handsome	2	6
Macrantha. Small growing, light green foliage, heavily flushed with autumn tints	1	6
Orbiculata. Silvery grey, flushed pink at edges and speckled green	1	6

CRASSULA.

Alba	1	6
Coccinea. Red	1	6
Lactea. White	1	6
Lycopodioides. Dwarf growing, peculiar shaped plant	1	6
Multicava. Pink	1	6
Perfoliata. Very large trusses of tiny salmon red flowers; striking	3	6
Rubicunda. Reddish	1	6
Salmonia	1	6
Schmidt. Rose pink	1	6

DYCKIA. Remotiflora. Growth like a Pineapple. Long spike of bright orange flowers	2	6
--	---	---

ECHEVERIA.

Agavoides. Compact growing; very thick green leaves, forming a round plant that is very unique	2	0
Metallica. Color varies with the season; sometimes deep coppery pink and sometimes a light coppery shade. Very handsome	5	0

Retusa. Dwarf growing, with handsome pink flowers	1	6
Secunda. Common cabbage plant	1	0
Special quotation for quantities.		
Speciosa humilus. Glaucus foliage. Small growing, with short pointed petals; flowers salmon pink	1	6
EUPHORBIA. Biglandulosa. Silvery grey foliage. Yellow flowers	1	6
HAWORTHIA.		
Margaritifera. Good and rare	3	6
Rugosa. Small growing; dark green	1	6
KALANCHOE.		
Grandiflora. Handsome foliage, glaucous green overlaid with pinkish mauve; very striking. Flowers creamy yellow	1	6
Marmorata. Flower white, leaves large, light green, heavily blotched brown. Very handsome	5	0
Species. Light glaucous green leaves, distinctly flushed pink during winter	1	6
KLEINIA.		
Glauca. Fleshy pointed leaves, almost blue; very effective	1	6
Articulata. Candle plant	1	6
MESEMBRIANTHEMUMS.		
Large-flowered, in the following colors: Cerise, orange, silvery pink, flesh pink, yellow, rose pink, and scarlet.		
Small-flowered: Buff, apricot, orange scarlet, cerise, light cerise, and pale pink.		
Suitable for dry situations, banks, etc. In pots	1	6
RASPALEA. Species. Interesting succulent, with peculiar shaped leaves	1	6
SEDUM.		
Album. White	1	6
Amplexicaule. Golden yellow flower	1	6
Glandulosum. Glaucus hairy leaves; very pretty and unusual	1	6
Selskianum. Yellow flowers	1	6
Sieboldi. Pinkish purple	1	6
Sieboldi medio variegatum. Leaves with a central creamy blotch	2	6
Stoloniferum. Low growing, dark green leaves; flowers pink and white	1	6
Stoloniferum atro-sanguineum. Leaves deep red; very pretty	1	6
Spectabilis. Brilliant; a very handsome variety. Enormous heads of crimson purple flowers. Highly recommended	2	6
Minute Species. Very dwarf growing variety, with silvery grey foliage turning pink in winter	1	6
Many other varieties	1	6
SEMPERVIVUM.		
Arachnoideum (Cobweb Houseleek). A mass of small woolly rosettes, leaves being joined together by webs. Purple flowers	2	0
Arboreum. Handsome light green foliage, with large trusses of showy yellow flowers	2	0
Arboreum grandiflorum. Very large glaucous green foliage	2	0
Capensis. A bold growing variety. During the hot weather the leaves are distinctly flushed salmon bronze	2	0
Cuneatum. Similar to Capensis, but foliage slightly bluer	2	0
Decora. Very pretty small growing variety, leaves turn red in winter	1	6
Haworthii. Small growing, with glaucous foliage, each leaf margined pink	1	6
Rubrum. The whole of the plant is a deep maroon red	2	0
Tectorum (House Leak). Green foliage, distinctly edged reddish brown. Flat growing	1	6
Numerous other plants suitable for Rock Gardens, including small Conifers, Dwarf Shrubs, etc. List and prices free on application.		

AQUATIC PLANTS

We have a large collection of Water Plants for indoor aquariums and outside ponds, including Water Lilies at reasonable prices. List and prices free on application.
